NESODDEN IDRETTSFORENING and BOLER BASKET**

The athletic basketball club **Promitheas** is inviting young athletes to embrace the basketball world and share with us their love for basketball through an interesting and fun program.

The philosophy and purpose of our program is the endorsement of sports mentality and consciousness as well as the development of sportsmanship by 'future athletes'. Additionally, the quality of basketball instruction involves different aspects and goals for each age group as for the athlete to reach his/her athletic potention. The aforementioned principles will be based on a system of real values, such as: commitment, persistence, responsibility, solidarity, teamwork and respect.
